- Clock: Auto Time Download, Auto Brightness Sensor

Dimensions

- Product dimensions (WxDxH): 70 x 28 x 21 mm
- Product weight: 0.035 kg

Compatibility

- works with: 3000 series, 4000 series, 5000 series, 6000 series, 7000 series

Highlights

Automatic time sync

This clock is always accurate without a need to set the time separately. Via the USB connection the display automatically syncs with the accurate time that the TV receives via the broadcast signal.

Easy clock visibility

The clear and high quality clock display combines easy visibility from throughout the hotel room with pleasant luminosity to avoid disturbance during the night.

Adjustable brightness levels

The luminosity of the clock display can be configured to different levels and be switched off completely.
